On this 16th day of November A. D. one thousand eight hundred and ninety personally appeared before me D. T. Woolsey an acting Justice of the peace within and for the County and state aforesaid. Elijah Kilday aged 48 years a resident of Jeraldstown County of Greene State of Tennessee, who being duly sworn according to law, declares that he is a pensioner of the United States, enrolled at the Knoxville Pension Agency at the rate of thirty dollars per month by reason of disability from gun shot wounds received in both arms incurred in the military service of the United States while serving as private Col. David Fry's Regt. Capt. Thos. Reaves Co. Tennessee Vols.

That he believes himself to entitled to an increase of pension on account of being rated too low for the disability of gun shot wounds in both arms. He claims increase proportionate thereto according to U. S. Pension laws and decisions. He also believes himself to be entitled to increase of pension on account of a general disorganization of his nervous system, which as he believes is resultant from said gun shot wounds, as he suffering continually from what he believes to be nervous neuralgia or spinal irritation which neuralgia or nervous influence seems to arise in his back near kidneys, running to the extremity of spinal column causing great confusion of his head rendering him incapable of taking care of himself. Also he further states that when it leaves his head it ranges in the pleural membranes of his body, sometimes running into the pleural membranes of his chest and sometimes running into his bowels and down the cords into the regions of his testacles which causes considerable swelling of both cords and testacles which renders him a great portion of the time entirely upon the care of his family. That his post office address is Jeraldstown Greene Co. Tenn.

That she is the daughter of claimant and has lived in the home with him all her life, and has aided and assisted in taking care of her father ever since she has been large enough to aid and assist him in washing, dressing and undressing himself. That claimant is confined to his bed about half the time from the effects of gun shot wounds in both his arms. About half the time he can go outdoors, but is not able to take care of himself at anytime on account of said disabilities.

On the Pension Claim No. 503679 of Elijah Kilday late of Reeves Co., Col Fry's Reg't, Tenn. Vols.

Personally came before me a Justice of the Peace in and for the aforesaid County and State Dr. F. S. Smith. A citizen of Greene County, Tenn. whose Post Office address is Jeroldstown, Greene County, Tennessee. Well known to me to be reputable and entitled to credit and who, being duly sworn, declares in relation to aforesaid case as follows: That he is a practicing Physician and that he has been acquainted with said soldier for about 15 years.

I have this day, Dec. 30th, 1892, examined Elijah Kilday and find him suffering with complete ankylosis of right elbow joint caused by a shot wound which entered the elbow joint and ranged upward to about the middle of the humerus. Rotatory motion in right fore arm is lost. I consider his right arm of but very [little] service to him. Right Arm is about one inch smaller than the left.

On further examination I find the left arm has been broken in two different places. The arm is greatly deformed. Union between the bones is not complete. I find him suffering pain from injury done to the nerves by the shot.

His disabilities are such that it is impossible for him to wait upon himself.

His disabilities justified me in saying that he is entitled to \$50.00 dollars per month according to Act of July 14th, 1892

F. S. Smith, M. D.

Subscribed and sworn to before me an acting Justice of the Peace for the aforesaid County and State. I further state that I have no interest direct or indirect in the prosecution of this claim this **Dec. 30, 1892.**

I have this day examined Elija Killday and find him not able to put his hands to his head from the effects of a gunshot wound in each arm to wit: a ball striking the left arm at the inner aspect of the humerus at the junction of the lower with the middle third and ranging downward and coming out below the external condyle of the humerus. I find the humerus to have been broken and incomplete union still existing. Also, the elbow joint to be partially ankylosed. I find the right elbow joint completely ankylosed from the effects of a gun shot wound striking the fore arm about two inches below the olecerous process and ranging upward and coming out on the latter aspect of the humerus about the junction of the lower with the middle third shattering the Oleceron process and the internal condyle of the humerus.

From the above disabilities Elija Killday is entitled to \$50.00 for month as his disabilities are such that he is to be helped in dressing and to some extent in eating.
